

Together we can  
hope, heal, recover.

## 2024 Impact Report

# Executive Director's Message

For over 50 years, IBH Addiction Recovery has stood as a beacon of hope and healing in our community, addressing the devastating impact of addiction. As we reflect on the past year and the remarkable growth of our agency over the last several years, we are filled with both gratitude and a renewed sense of purpose.

The need for our services has grown, mirroring the escalating addiction crisis impacting our community. We have witnessed firsthand the devastating toll addiction takes on individuals, families, and our society as a whole. Driven by this need, we have expanded our reach and impact, serving an increasing number of clients each year.

Our growth has been strategic and focused, allowing us to better meet the evolving needs of those we serve. A cornerstone of this expansion has been the development of a comprehensive continuum of care. We recognize that recovery is not a one-size-fits-all journey. Our continuum now allows us to meet individuals where they are on their path to wellness, providing tailored support

and resources at every stage – from an initial assessment to customized treatment to continued support in our alumni network.

This growth has not been without its challenges. The increasing demand for addiction services underscores the urgency of our mission and the ongoing need for community support. Looking to the future, we are focused on ensuring the long-term sustainability of our vital programs and services. We are committed to ensuring we have the resources in place that will allow us to continue serving our community for generations to come. This includes investing in our facilities, supporting our dedicated staff, and cultivating strong partnerships within the community.

We are not just treating addiction; we are building foundations for the future – foundations of hope, healing, and lasting recovery. We are incredibly grateful for our community, partners, and donors' unwavering support. Your generosity makes our work possible, and together, we can make a real difference in the lives of those struggling with addiction.

Thank you for your continued support of IBH Addiction Recovery. We invite you to learn more about our impact in the following pages of this report.

Executive Director, IBH Addiction Recovery

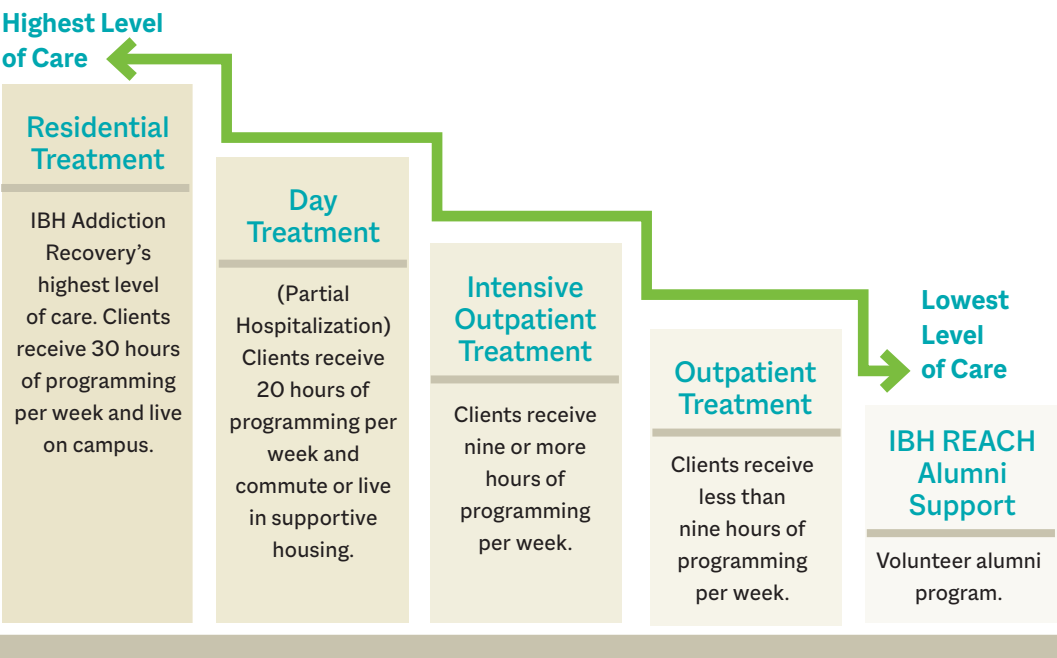

## Our Mission

IBH Addiction Recovery offers persons with alcohol and drug addiction, including those with a co-occurring mental health disorder, the opportunity to restore hope and gain skills for a lifetime of sobriety.

# 2024 At a Glance

## IBH Addiction Recovery's Continuum of Care

# 2024 Newsworthy Accomplishments

## Women's Recovery House

IBH Addiction Recovery announced the addition of certified women's recovery housing to our growing continuum of care in 2024. This came after the successful implementation of certified men's recovery housing in 2021.

Recovery housing plays a critical role in drug and alcohol addiction treatment by providing a structured, supportive environment that fosters a strong sense of community. This arrangement helps individuals transition from inpatient treatment programs to independent, sober living while stepping down to an outpatient level of care.

## Ranked #2 by Newsweek

IBH Addiction Recovery was ranked the #2 Best Addiction Treatment Center in Ohio by *Newsweek* in 2024.

According to *Newsweek*, the rankings are intended to help patients and their loved ones find the most suitable places to begin their recovery journey. *Newsweek* partnered with Statista, a global data and business intelligence platform, to produce the fifth edition of America's Best Addiction Treatment Centers. The ranking awards 400 inpatient, long-term and residential addiction treatment centers in the 25 states where these facilities are most numerous.

## Impactful Services

The number of accidental overdose deaths in Summit County went down from 203 in 2023 to 106 in 2024. IBH Addiction Recovery's impact can be seen in those numbers by looking at the growth of Summit County residents in our care, from 829 in 2023 to 894 in 2024. IBH Addiction Recovery literally saves lives.

# IBH REACH Program **Impact**

The IBH Addiction Recovery REACH Alumni Support Program provides recovery support meetings and service learning projects that foster safe friendships, reinforce values learned during treatment, and create a strong sense of community.
